

Restrictor Policy Framework

February 11, 2016
Public Works Commission

Background

- City Council direction
- Restrictor policy framework
 - Targeted for highest water customers
 - Final attempt for customer to conserve
- Considerations

Policy Framework

- Restrictor defined

Implementation Considerations

- Meter box retrofits
- Fire service line impact
- Property access issues
 - Appeal officer hearing process
 - Court orders related to inspection and abatement
- Implementation period
- Restrictor program versus other programs

Next Steps

- Seek Commission recommendation on a restrictor policy framework
- Option to table for March Commission meeting
- Recommendation to City Council in April 2016
